For 20 years, Nicole climbed the corporate ladder, collecting fancy titles and many, many lessons. As a speaker and coach, Nicole empowers women to trust and celebrate their unique skills, knock down career barriers and reach greater levels of personal and professional success!

POPULAR TOPICS

GET READY TO GO HIGHER

Conquer Your Career Limiting Behaviors

Nicole reveals the most common career limiting habits women grapple with and the tactics they can use to eliminate them once and for all. Attendees leave armed with new skills they can implement immediately. She can even survey your group to customize the workshop to the habits that impact your group the most!

DON'T WISH IT. MAKE IT HAPPEN.

Self-Advocacy + Negotiation for Women

When it comes to negotiations, our society favors a very specific approach - one that is not always intuitive to women. Nicole shares the five skills every woman needs to know to negotiate her way to next-level success.

Other topics are available. All sessions can be customized to the unique needs of your organization or association. We can also adapt all of our content to meet your timing needs, from 50 minutes to half-day seminars.

Nicole Provonchee is an experienced executive coach and strategist dedicated to helping women professionals get out of their own way so that they can be even more successful at work and life.

With 20 years in strategy, consulting, marketing, and communication roles, Nicole brings her real-world leadership experience and extensive coaching training to women professionals across the nation, supporting women as they create actionable plans they can implement, measure and then celebrate their newfound success.

She is the founder of Bright Blue Consulting, an organization that works with a wide range of people and organizations, from executives at the nation's largest healthcare company to leaders at a Fortune 50 manufacturing firm to Board members of local nonprofits.

As a female executive, Nicole can relate to the unique situations women face as leaders. As a working mother, she understands the challenge of finding just the right balance of work, family and the rest of life.

In her speeches and workshops, Nicole will dig into common workplace issues and arm women with the tools they need to navigate these pitfalls effectively - and achieve their next level of success.

"Several months out, the positive changes and connections are still present."

- Women's Group Leader

SPEAKING ENGAGEMENT

TESTIMONIALS

"Nicole's presentation was perfectly tailored to our group. The discussion was empowering and engaging. She created an environment that encouraged participants to reflect on current behaviors, share experiences, and identify ways to improve work habits and culture. Several months out, the positive changes and connections are still present. We cannot wait to book her again!"

- BMG Women's Group Leader

"The fact that she works mainly with women really spoke to the group. It made it feel like she was in it for us, like she was really looking to pull up women and showcase things that could help us be better in the workplace."

- Williamson, Inc. Director, Member Engagement

"She is so articulate and so energetic. There were 300 people in this room, and I felt like she was talking to me and only me."

-Attendee

"She challenged us to realign 10% of our time to invest in activities that align with our values and activities we enjoy – Brilliant! When she broke it down to 10%, I thought, I can do that!"

-Attendee

"Her input and knowledge about maneuvering the corporate world is useful to anyone at any level in an organization. Her energy is both contagious and inspiring."
